PROJECT DESCRIPTION:

The California Department of Corrections and Rehabilitation (CDCR) proposes to construct, operate, and maintain a new 25-bed Acute/Intermediate Care Facility within the grounds of the CIW in Corona. Housing, treatment and support space will provide 25 single occupancy cells. The facility will provide 24-hour inpatient care for female inmates who require mental health treatment to prevent danger to themselves or others, or who have mental conditions which cause grave disability, (an inability to use food, clothing, or shelter in appropriate ways). The proposed project is part of an overall mental health bed plan submitted to the federal courts that addresses interim and long-range mental health care needs for California's inmate population.

This is to advise that the California Department of Corrections and Rehabilitation as Lead Agency has approved the above described project on 7 November 2006 and has made the following determinations regarding the above described project:

1. The project will not have a significant effect on the environment.
2. An Initial Study and Mitigated Negative Declaration were prepared for this project pursuant to CEQA.
3. Mitigation measures were made a condition of the approval of this project.
4. A Mitigation Monitoring Report (MMP) was adopted for this project
5. Filing Fees were paid pursuant to Section 711.4 of the California Fish and Game Code.

This is to certify that the MND, public comments and CDCR's responses to comments along with the record of project approval are available to the general public at: CDCR, Office of Facilities Management, Environmental Planning Unit, 501 J Street, Suite 312, Sacramento, CA 95814. The public may review these documents or request copies by calling Cher Daniels, Environmental Planning Unit at (916) 323-0731.
